AGATES LEADING

Have Margin on Other Teams In Evening Star League.

TIE FOR SECOND PLACE

Three Clubs on Even Terms for Runner-Up Position—The Averages.

The Agates are getting a good lead in The Evening Star Duckpin League, but four of the other clubs are running very close for second place. The Agates have won nineteen and lost eleven games, while the Brewers, Primers and Minions are tied with sixteen victories and fourteen defeats for second position. The Picas are fifth, with fifteen wins and the same number of losses. The Nonpareils are being outclassed, as they have taken but eight contests and dropped twenty-two.

Rightstine has the record for the highest game registered by the individuals, and Collier has rolled for the best average. Rightstine's mark is 143 and Collier's 100-3.

The standing of the teams and averages follow:

Team	Wins	Losses	Average
Agates	19	11	143
Brewers	16	14	100-3
Primers	16	14	100-3
Minions	16	14	100-3

AGATES LEADING

Have Margin on Other Teams in Evening Star League.

TIE FOR SECOND PLACE

Three Clubs on Even Terms for Runner-Up Position—The Agates.

The Agates are getting a good lead in the Evening Star Duckpin League, but four of the other clubs are running very close for second place. The Agates have won nineteen and lost eleven games, while the Breviers, Primers and Minions are tied with sixteen victories and fourteen defeats for second position. The Picas are fifth, with fifteen wins and the same number of losses. The Nonpareils are being outclassed, as they have taken but eight contests and dropped twenty-two.

Rightstine has the record for the highest game registered by the individuals, and Collier has rolled for the best average. Rightstine's mark is 143 and Collier's 100-3.

The standing of the teams and averages follow:

STANDING OF TEAMS.				
	T.P.	H.G.	H.R.	Ave.
Agates	12,850	446	10,820	19 11 .633
Breviers	13,400	447	8,088	18 14 .523
Primers	12,800	446	8,088	18 14 .523
Minions	13,000	432	7,476	16 14 .535
Picas	12,100	467	4,584	13 16 .413
Nonpareils	12,974	423	4,777	13 20 .427

High team game—Agates, 521.
Lowest team game—Picas, 140-3.
Highest individual game—Rightstine, 143.
Lowest individual set—Parise, 346.
Average Collier, 100-3.

MARSANS A FAILURE.
 High team game, Agates, 121.
 Contract Jumper Did Not Make Good
 With Feds.
 Politics and base ball make strange bedfellows. Armando Marsans
 by all base ball laws belongs to the St.
 Louis Cardinals, yet he has never worn
 the uniform of the "Reds." While John
 have worn the uniforms of both other St.
 Louis ball teams. Marsans was
 supposed to come to the Cardinals in
 exchange for Wingo. The Cincinnati
 club landed Wingo all right, but the
 Cardinal manager was unsuccessful in
 his efforts to induce Marsans to re-
 jump. Marsans, once he got a chance
 to play in the Federal League, was a
 distinct disappointment. It remains to
 be seen if he can make good in the
 American League.

Report from the east has it that a
 deal practically is complete for the
 transfer of Cutchy Jack Meyers by the
 Cardinals to the Dodgers. While John
 McGraw and the Indian have not
 agreed, Robinson believes Jack would
 still be a great help in developing his
 pitchers.

AGATES' EVENING										
Have Margin on Other Teams										
in Evening Star League.										
TIE FOR SECOND PLACE										
Three Clubs on Even Terms for Runner-Up Position—The Averages.										
<p>The Agates are getting a good lead in the Evening Star Dugout League, as the record of the other clubs are running very close for second place. The Agates have won nineteen and lost eleven games, while the Breviers, Primers and Minions are tied with sixteen victories and fourteen defeats for second position. The Picas and Bith, with fifteen wins and the same number of losses. The Nonpareils are being outclassed, as they have taken but eight contests and dropped twenty-two.</p> <p>Rightstine has the record for the highest game registered by the individuals, and Collier has rolled for the best average. Rightstine's mark is 143 and Collier's 100-3.</p> <p>The standing of the teams and averages follow:</p>
